Elon University, in cooperative agreement with North Carolina A&T State University, offers an Army Reserve Officers' Training Corps (ROTC) program. The Army Reserve Officers' Training Corps program provides a viable elective program for both male and female students. The program is divided into a basic course and an advanced course. These courses are normally completed during a four-year period. However, it is possible for veterans and other students who elect to undergo special training to complete the program in two years.

**PROGRAMS OF INSTRUCTION**

Programs of instruction for the Army ROTC include a four-year program and a two-year program. The four-year program consists of a two-year basic course, a two-year advanced course and the advanced ROTC Summer Camp. The two-year program encompasses a basic ROTC Summer Camp, a two-year advanced course and the advanced ROTC Summer Camp.

**BASIC COURSE**

The basic course is normally taken during the freshman and sophomore years. The purpose of this instruction is to introduce the student to basic military subjects: branches of the Army; familiarization with basic weapons, equipment and techniques; military organization and functions and the techniques of leadership and command. It is from the students who successfully complete this instruction that the best qualified are selected for the advanced course which leads to an officer's commission.
Credit for the basic course can be obtained by successfully completing the following courses:

MSC 111 Introduction of Citizen/Soldier 1 sh
MSC 112 Introduction to U.S. Military Forces 1 sh
MSC 141, 142 Leadership Laboratory 1 sh/ea
MSC 211 Development of Professional Military Skills I 1 sh
MSC 212 Development of Professional Military Skills II 1 sh
MSC 241, 242 Leadership Laboratory 1 sh/ea

Total 8 sh

Successful completion of Military Science 251, or prior service in the Armed Forces, can be used to obtain appropriate credit for the basic course.

ADVANCED COURSE

Students who receive appropriate credit for the basic course and meet eligibility standards are admitted to the advanced course on a best-qualified basis. Successful completion of the advanced course qualifies the student for a commission as a Second Lieutenant in one of the branches of the United States Army, Army Reserves or Army National Guard. The following courses are required for completion of the advanced course:

MSC 311 Leadership Training 2 sh
MSC 312 Introduction to Military Team Theory 2 sh
MSC 341, 342 Leadership Laboratory 1 sh/ea
MSC 351 Army ROTC Advanced Camp 4 sh
MSC 411 Seminars in Leadership and Professional Development 2 sh
MSC 412 Leadership, Law and Ethics 2 sh
MSC 441, 442 Leadership Laboratory 1 sh/ea

Total 16 sh

TWO-YEAR PROGRAM

When a student with two years of college has successfully completed the basic summer training, he/she is eligible for the advanced ROTC course in his/her junior and senior years. The advanced course, which leads to an officer commission, is the same for students in either the two-year program or the four-year programs.

Philosophy

Chair, Department of Philosophy: Professor Weston
Professor: Sullivan
Associate Professors: Batchelor, Lubling
Assistant Professor: Cahill

Philosophy, the very name means “love of wisdom,” lies at the heart of a liberal arts education. Philosophy at Elon has both a wisdom orientation for exploring enduring human concerns and a practical intent to enhance our lives together and our care for the earth.

Philosophical study focuses on three sets of skills: (1) critical and constructive thinking — aiding students in identifying, analyzing and offering solutions to problems; (2) ethical practice — exploring ways to act wisely and effectively in our life with others and (3) interpretive understanding — allowing students to bridge the meaning and value systems of diverse individuals, cultures and epochs.

Such skills are valuable for law and leadership, ministry and the helping professions, citizenship and service, and for deepening the quality of our lives. At 36 semester hours, the philosophy major is designed to allow room for a double major or a career-related minor.

A major in Philosophy requires the following courses:
